Hi Byron,

Here it is:

CBS News, November 21: [https://www.cbsnews.com/videos/trumps national monuments decision could impact dinosaur fossils site/](https://www.cbsnews.com/videos/trumps-national-monuments-decision-could-impact-dinosaur-fossils-site/)

Here are a few other recent paleo related articles about GSENM that I know about:

NY Times, November 11: <https://www.nytimes.com/2017/11/16/opinion/trump-monuments.html>

SVP vrtpaleo blog, November 6: [http://vertpaleo.org/Society News/Blog/Old Bones SVP s Blog/November 2017/From the President Why SVP Cares About the Grand.aspx](http://vertpaleo.org/Society%20News/Blog/Old%20Bones%20SVP%20s%20Blog/November%202017/From%20the%20President%20Why%20SVP%20Cares%20About%20the%20Grand.aspx)

SL Tribune, October 27: <http://www.sltrib.com/news/politics/2017/10/27/trump-tells-sen-orrin-hatch-hell-shrink-the-bears-ears-national-monument/>

LA Times, October 26: <http://www.latimes.com/nation/la-na-pol-trump-national-monuments-20171026-htmlstory.html>

Newsweek, October 20: <http://www.newsweek.com/teenage-dinosaur-fossil-discovery-reveals-puberty-tyrannosaurus-689448>

Science Daily, October 19: <https://www.sciencedaily.com/releases/2017/10/171019143040.htm>

SL Tribune, October 15: <http://www.sltrib.com/news/environment/2017/10/15/nearly-complete-tyrannosaurus-fossil-airlifted-from-utahs-grand-staircase/>

SL Tribune, August 24: <http://www.sltrib.com/opinion/commentary/2017/08/24/commentary-utah-may-be-trading-a-dinosaur-wonder-for-a-coal-mine/>
